

# MOFTECH Solution – Loan / Grant Proposal

MOFTECH Solution is a digital services enterprise based in Kitengela, Kenya, providing affordable ICT services to students, job seekers, SMEs, and the local community. This proposal seeks financial support to expand operations, improve equipment, and increase service capacity.

## Funding Purpose

- Purchase additional computers and printers
- Improve internet infrastructure
- Expand workspace and branding
- Support working capital

## Proposed Budget (KES)

Item	Estimated Cost (KES)
Computers (5 units)	250,000
Printers & Scanner	120,000
Internet Setup & Networking	50,000
Furniture & Workspace Setup	80,000
Branding & Marketing	50,000
Working Capital	100,000
Total Required	650,000

## Financial Projection (Monthly)

Projected monthly revenue: KES 180,000  
Estimated monthly expenses: KES 90,000  
Projected monthly profit: KES 90,000

Loan/grant repayment or sustainability will be supported through consistent service demand and low operational costs.
